

# Complex Adaptive Leadership Organisational Capability Report

---

**Sample report**

**Complex Adaptive Leadership  
Organisational Capability Report**

Completed on 27/08/2017

## Overall assessment

The following should be a guide

**87**

Danger - the organisation is sub-optimal - attention is needed across the board

## Individual components

Below gives you the opportunity for some more analysis to see where there largest opportunities for improvement lie, as well as how balanced the organisation is between the "soft" (yin) and the "hard" (yang) aspects of leadership.
